Subject Index

a

- AAGP name change (*ed*), January, p. 63
ABFP bylaws (*ed*), April, p. 63
abortion
—on demand, Washington state voters approve, in first public referendum, February, p. 173
—septic, aggressive treatment of, *June, p. 98
achalasia of the esophagus (*info pl*), February, p. 135; (*tip*), March, p. 150
acidosis, uremic, correction of (*tip*), May, p. 133
acne, foods as the cause of, *March, p. 102
addicts
—drug, skin lesions in (*tip*), March, p. 146
—nephrotic syndrome in (*ed*), February, p. 65
adenoidectomy and tonsillectomy, indications for, *March, p. 72
aerophagia in children, *May, p. 94
alcoholic, the forgotten addict, *June, p. 92
alkaline phosphatase and serum albumin (*tip*), June, p. 115
aminophylline, intravenously administered (*tip*), March, p. 139

amniocentesis

- and fetal gastrointestinal obstruction (*tip*), February, p. 149
—in management of erythroblastosis fetalis, *January, p. 99

anesthesia

- intravenous (*tip*), April, p. 137
—methoxyflurane, renal failure after (*tip*), April, p. 149
angiography, radioisotopic (*tip*), April, p. 148

anticoagulant therapy: a critique, *June, p. 87

- antivivisection (*ed*), March, p. 65
'arrhythmia, unexplained,' respiratory causes of (*tip*), June, p. 111
asbestos and malignant mesothelial tumors (*tip*), April, p. 149
aspergillus infection after cardiac surgery (*tip*), April, p. 141
atrial tachycardia, paroxysmal (*info pl*), May, p. 127
Australia antigen, hepatitis-associated antigen, *January, p. 72

b

- backache, inexplicable (*info pl*), April, p. 129
bacteriuria, recurrent, in schoolgirls (*tip*), February, p. 148
barium enema, therapeutic, for diverticular bleeding (*tip*), May, p. 149
Bartholin cysts, *June, p. 85
beer consumption (*ed*), June, p. 63
birth weight and intellectual development (*tip*), January, p. 128
blood gas and pH monitoring (*tip*), April, p. 144
bowel disease, inflammatory, growth retardation in (*tip*), February, p. 149
bowel obstruction, large, due to carcinoma, *March, p. 79
bronchogenic carcinoma, Cushing-like (*tip*), June, p. 119

C

calluses, corns and warts, *April, p. 92

cancer

- carcinoid tumors (*tip*), March, p. 147
—chemotherapy, how to use, *June, p. 72
—Cushing-like bronchogenic carcinoma (*tip*), June, p. 119
—immunologic factors in malignant melanoma (*tip*), February, p. 153
—large bowel obstruction due to carcinoma, *March, p. 79
—malignant melanoma and hydroxyurea (*tip*), March, p. 142
—malignant mesothelial tumors and asbestos (*tip*), April, p. 149
—management of suspected testicular neoplasms, *March, p. 92
—testicular, mithramycin for (*tip*), May, p. 137
—where we stand with (*ed*), April, p. 65
cannulation, umbilical vein (*tip*), March, p. 147
cardiac pacing, *May, p. 84
causalgia (*tip*), February, p. 141
cerebral death, determining, *March, p. 85
children
—abnormal sexual differentiation, *February, p. 72
—aerophagia in, *May, p. 94
—birth weight and intellectual development (*tip*), January, p. 128
—causes of neonatal mortality (*tip*), April, p. 140
—child's place in the car, February, p. 167
—deaf child, *March, p. 88
—depressive illness in childhood (*tip*), February, p. 144

—depressive illness in childhood (*tip*), February, p. 144

- growth retardation in inflammatory bowel disease (*tip*), February, p. 149
- hospitalized, new episodes of fever in (*tip*), May, p. 149
- immunity with mumps virus vaccine (*tip*), January, p. 125
- infant trauma, *May, p. 101
- infantile nystagmus (*tip*), March, p. 151
- infants of diabetic mothers (*tip*), February, p. 152
- juvenile aponeurotic fibroma (*tip*), June, p. 117
- kernicterus in small premature infants (*tip*), March, p. 143
- necrotizing enterocolitis in premature infants (*tip*), April, p. 141
- neonatal suppurative parotitis (*tip*), March, p. 151
- OPV immunization (*tip*), January, p. 133
- paramedical personnel and child health care (*tip*), February, p. 156
- purulent conjunctivitis in (*info pl*), March, p. 133
- radiation hepatitis in (*tip*), June, p. 117
- recognizing dwarfs at birth, *June, p. 96
- recurrent abdominal pain in childhood (*tip*), January, p. 124
- recurrent bacteriuria in school-girls (*tip*), February, p. 148
- renal transplant and dialysis in (*tip*), April, p. 140
- retinal changes due to phototherapy (*tip*), March, p. 151
- Rocky Mountain spotted fever in (*tip*), February, p. 145
- salt in infant foods (*tip*), January, p. 133
- short-term treatment in child psychiatry, *January, p. 80
- surgery for duodenal ulcer in childhood (*tip*), January, p. 129
- vagotomy and pyloroplasty in (*tip*), April, p. 148
- cholecystitis, acute, after surgery (*tip*), May, p. 137
- cholestasis, idiopathic recurrent (*tip*), February, p. 145
- cigarette sales (*ed*), March, p. 65

- cirrhosis statistics (*ed*), May, p. 65
- Colorado University plans to increase freshman class to 125 medical students, February, p. 174
- combination products (*ed*), May, p. 63
- congressional hearings (*ed*), May, p. 63
- conjunctivitis, purulent, in children (*info pl*), March, p. 133
- consultation for symptoms, and social class (*ed*), February, p. 65
- corticosteroids, using, *May, p. 96
- cystic fibrosis, prognosis of (*tip*), April, p. 145
- cysts, Bartholin, *June, p. 85

d

- deaf child, *March, p. 88
- deafness from neomycin therapy (*tip*), May, p. 141
- death definition, Beecher defends new, against various critics, March, p. 170
- depression or disappointment?, *February, p. 99
- depressive illness in childhood (*tip*), February, p. 144
- dermatologists, skin diets prescribed by (*ed*), March, p. 65
- diabetic ketoacidosis, *April, p. 110
- diabetic mothers, infants of (*tip*), February, p. 152
- dialysis and renal transplant in children (*tip*), April, p. 140
- diet and iron, effects of, on hematocrits (*tip*), February, p. 144
- diverticular bleeding, therapeutic barium enema for (*tip*), May, p. 149
- diverticulitis
 - in the elderly, surgical management of, *February, p. 94
 - surgery for (*tip*), March, p. 147
- dizziness—it may be serious, *April, p. 70
- drugs, substitutions of, by pharmacists (*ed*), June, p. 63
- Dupuytren's contracture, localized excision in, *April, p. 78
- dwarfs, recognizing, at birth, *June, p. 96

e

- echovirus Type 30 epidemic (*tip*), March, p. 139
- education, medical, how students finance their (*ed*), June, p. 67
- endocarditis prophylaxis and systolic clicks (*info pl*), March, p. 134
- endocervical polyps, *April, p. 102
- ENT and the family physician (*ed*), April, p. 67
- enterocolitis, necrotizing, in premature infants (*tip*), April, p. 141
- epilepsy, abdominal (*tip*), June, p. 111
- erythroblastosis fetalis, amniocentesis in management of, *January, p. 99
- esophageal perforation during vagotomy (*tip*), May, p. 144
- esophageal strictures, medical management of, *January, p. 105
- esophagus, achalasia of (*info pl*), February, p. 135; (*tip*), March, p. 150
- estrogen and thromboembolic disorders (*info pl*), January, p. 138
- ethacrynic acid during labor (*tip*), January, p. 129
- eye problems, common external, how to treat, *April, p. 104

f

- family doctors' hospital privileges, May, p. 155
- family physician
 - a partner in community medicine education, March, p. 165
 - and ENT (*ed*), April, p. 67
 - classification of (*ed*), March, p. 63
 - psychotherapy for, *April, p. 87
- family practice clinic at MU Medical Center—Columbia, March, p. 171
- family practice department in a medical school, developing a, May, p. 159
- family practice program, York, utilizing liberal arts college training, June, p. 145

FDA and mercury in fish (*ed*),
February, p. 63

fever

- new episodes of, in hospitalized children (*tip*), May, p. 149
- persistent, in bacterial meningitis (*tip*), May, p. 145
- fibroma, juvenile aponeurotic (*tip*), June, p. 117
- fibrosis, cystic, prognosis of (*tip*), April, p. 145
- first aid, new medical security service provides vital information for, April, p. 167
- food poisoning (*ed*), February, p. 67
- foods as the cause of acne, *March, p. 102
- furosemide, ototoxicity induced by (*tip*), February, p. 141

g

- gallstone ileus (*tip*), February, p. 141
- gastrointestinal hemorrhage, massive upper (*tip*), May, p. 140
- gastrointestinal obstruction, fetal, and amniocentesis (*tip*), February, p. 149
- gastrointestinal tract, foreign bodies in, *February, p. 104
- glucose testing, delay after (*info pl*), January, p. 138
- gonorrhea
 - (*ed*), June, p. 124
 - programmed instruction course on, June, p. 124
- gout, acute attack of (*info pl*), April, p. 131
- GSA and uremia (*ed*), March, p. 65

h

- Harvard community health plan operators call program a success, May, p. 165
- health care, child, and paramedical personnel (*tip*), February, p. 156
- health care plans, tax-financed (*ed*), February, p. 63
- health centers, university and area, Carnegie commission study recommends more, February, p. 173

heart

- aspergillus infection after cardiac surgery (*tip*), April, p. 141
- asymptomatic ventricular septal defect (*info pl*), May, p. 125
- cardiac pacing, *May, p. 84
- cardiac pacing in hyperkalemia (*tip*), April, p. 144
- cardiovascular alterations during adrenal surgery (*tip*), April, p. 145
- myocardial revascularization, *January, p. 110
- respiratory causes of 'unexplained arrhythmia' (*tip*), June, p. 111
- systolic clicks and endocarditis prophylaxis (*info pl*), March, p. 134
- hematocrits, effects of diet and iron on (*tip*), February, p. 144
- hemiplegic patient, home management of, *January, p. 114
- hemodialysis, shunts for (*tip*), January, p. 125
- hemoglobin's affinity for oxygen (*tip*), March, p. 142
- hemorrhage, massive upper gastrointestinal (*tip*), May, p. 140
- hepatic dysfunction, postanesthetic (*tip*), March, p. 143
- hepatitis, serum, prevention of
 - (*ed*), January, p. 67
 - and gamma globulin (*info pl*), May, p. 125
- hepatitis carriers, NIH distributes plasma to help identify, April, p. 169
- hepatitis-associated antigen (Australia antigen), *January, p. 72
- herpes zoster, recurrent (*info pl*), May, p. 127
- hiatal hernia: changing concepts of treatment, *May, p. 106
- hidradenitis suppurativa (*tip*), February, p. 156
- hospital certification pattern has not changed, CPHA study shows, June, p. 145
- hydroxyurea and malignant melanoma (*tip*), March, p. 142
- hyperhidrosis (*info pl*), February, p. 136
- hyperkalemia, cardiac pacing in (*tip*), April, p. 144

hypertension

- and low serum potassium (*info pl*), January, p. 139
- benign intracranial (*tip*), May, p. 141
- hypertension-hypokalemia work-up (*info pl*), February, p. 135
- hypoglycemia
 - and islet cell tumor (*tip*), May, p. 136
 - islet cell tumor with, *March, p. 98

i

- ileus, gallstone (*tip*), February, p. 141
- immunity with mumps virus vaccine (*tip*), January, p. 125
- immunization, OPV (*tip*), January, p. 133
- immunizations, travelers' (*info pl*), January, p. 139
- income tax return, your 1970, January, p. 157
- insulinoma, streptozotocin for (*tip*), April, p. 137
- intellectual development and birth weight (*tip*), January, p. 128
- intellectual function of the elderly (*tip*), January, p. 125
- intestinal absorption in Zollinger-Ellison syndrome (*tip*), January, p. 132
- intestinal duplication (*tip*), January, p. 132
- intracranial hypertension, benign (*tip*), May, p. 141
- iron and diet, effects of, on hematocrits (*tip*), February, p. 144
- itching as a symptom of disease (*ed*), March, p. 67

j

- joint disorders, temporomandibular, *February, p. 90

k

- kernicterus in small premature infants (*tip*), March, p. 143
- ketoacidosis, diabetic, *April, p. 110

I

L-dopa therapy, miosis during (*tip*), January, p. 128
lung infection, prophylaxis of post-operative (*tip*), June, p. 115

m

MECO project, SAMA's, expects more than 1,000 students this summer, April, p. 167
Medicare fees, 1969 customary charges for physicians in locality basis for, March, p. 169
medications, preoperative (*tip*), June, p. 113
medicine's lesson from history, April, p. 159
MEDIHC office opened in Bethesda for administering program, June, p. 146
melanoma, malignant
—and hydroxyurea (*tip*), March, p. 142
—immunologic factors in (*tip*), February, p. 153
menarche, age of (*tip*), May, p. 136
meningitis, bacterial, persistent fever in (*tip*), May, p. 145
methadone maintenance program (*tip*), February, p. 149
miliary tuberculosis (*tip*), May, p. 133
miosis during L-dopa therapy (*tip*), January, p. 128
Missouri Board of Health endorses state aid plan for four private schools, February, p. 174
mithramycin for testicular cancer (*tip*), May, p. 137
mobile emergency unit, specially-designed, now in use at KU Medical Center, May, p. 164
mumps, epidemiology of (*tip*), May, p. 144
mumps virus and tuberculin hypersensitivity (*tip*), March, p. 143
mumps virus vaccine, immunity with (*tip*), January, p. 125
Murphy-Pattee test (*info pl*), March, p. 134

n

National Accelerator Laboratory (*ed*), April, p. 65
necrotizing enterocolitis in premature infants (*tip*), April, p. 141
neomycin therapy, deafness from (*tip*), May, p. 141
neonatal mortality, causes of (*tip*), April, p. 140
nephrotic syndrome in addicts (*ed*), February, p. 65
neuroblastoma and Wilms' tumor, survival in (*tip*), February, p. 145
newspaper reporting of untrue facts (*ed*), January, p. 65
nystagmus, infantile (*tip*), March, p. 151

O

obstetrics

—aggressive treatment of septic abortion, *June, p. 98
—amniocentesis in management of erythroblastosis fetalis, *January, p. 99
—ethacrynic acid during labor (*tip*), January, p. 129
—fetal gastrointestinal obstruction and amniocentesis (*tip*), February, p. 149
—management of the Rh-negative gravida, *March, p. 104
—Rh₀(D) immune globulin to prevent Rh hemolytic disease, *February, p. 85
—spider angiomas and pregnancy (*info pl*), February, p. 136
—value of school attendance for young pregnant mothers (*tip*), April, p. 149
OPV immunization (*tip*), January, p. 133
osmol poisoning, acute (*tip*), March, p. 150
osteoporosis and thyrocalcitonin (*info pl*), April, p. 129
otitis media, chronic, in adults (*info pl*), March, p. 133
ototoxicity induced by furosemide (*tip*), February, p. 141
oxygen, hemoglobin's affinity for (*tip*), March, p. 142

p

packed red cells, *May, p. 81
pain, recurrent abdominal, in childhood (*tip*), January, p. 124
paramedical personnel and child health care (*tip*), February, p. 156
parotitis, neonatal suppurative (*tip*), March, p. 151
peer review (*ed*), January, p. 63; (*ed*), June, p. 63
penicillin, inactivation of (*tip*), February, p. 157
personalities
—Brown, B. S., April, p. 45
—Hogness, J. R., June, p. 41
—Kennedy, E. M., March, p. 45
—Kuffler, S. W., May, p. 41
—Morris, S. M., January, p. 41
—Parish, N. F., January, p. 41
—Rousselot, L. M., April, p. 45
—Zapp, J. S., May, p. 41
pH and blood gas monitoring (*tip*), April, p. 144
phenylketonuria, *February, p. 112
phototherapy, retinal changes due to (*tip*), March, p. 151
physicians in U.S. Congress, January, p. 163
physicians' assistants, government programs promote training and use of, May, p. 163
physician-sponsored home health services: private delivery profile, January, p. 151
pneumonia
—pneumocystis carinii (*tip*), May, p. 145
—recurrent (*info pl*), May, p. 125
poisoning
—acute osmol (*tip*), March, p. 150
—food (*ed*), February, p. 67
polyps, endocervical, *April, p. 102
professions, duality of (*ed*), January, p. 65
programmed instruction course on gonorrhea, June, p. 124
proteinuria, benign persistent (*tip*), June, p. 119
psychiatry, child, short-term treatment in, *January, p. 80
psychotherapy for the family physician, *April, p. 87
pulmonary emboli (*ed*), May, p. 67

pulmonary embolism, postoperative (*tip*), February, p. 157

q

r

radiation hepatitis in children (*tip*), June, p. 117

radioisotope organ imaging in tumor diagnosis and management, *January, p. 86

radioisotopic angiography (*tip*), April, p. 148

Raynaud's disease, reserpine for (*tip*), January, p. 124

renal failure

—acute, recovery from (*ed*), January, p. 67

—after methoxyflurane anesthesia (*tip*), April, p. 149

reprint requests

—(*ed*), February, p. 63

—for programmed instruction courses (*ed*), March, p. 63

respiratory causes of 'unexplained arrhythmia' (*tip*), June, p. 111

retinal changes due to phototherapy (*tip*), March, p. 151

rheumatoid elbow, synovectomy for (*tip*), January, p. 132

Rh-negative gravida, management of, *March, p. 104

Rh₀(D) immune globulin to prevent Rh hemolytic disease, *February, p. 85

rifampin for resistant tuberculosis (*tip*), May, p. 141

Rocky Mountain spotted fever in children (*tip*), February, p. 145

rubella and arthralgia vaccination (*tip*), April, p. 137

S

salt in infant foods (*tip*), January, p. 133

SAMA's MECC project expects more than 1,000 students this summer, April, p. 167

sarcoidosis, gastric (*tip*), June, p. 113

school attendance, value of, for young pregnant mothers (*tip*), April, p. 149

serum albumin and alkaline phosphatase (*tip*), June, p. 115

serum hepatitis, prevention of

—(*ed*), January, p. 67

—and gamma globulin (*info pl*), May, p. 125

serum potassium, low, and hypertension (*info pl*), January, p. 139

sexual differentiation, abnormal, *February, p. 72

'sick doctor statute,' Florida's professional discipline approach in, April, p. 171

skin infections, streptococcal (*tip*), January, p. 128

skin lesions in drug addicts (*tip*), March, p. 146

'stop-rubella' campaign sets mark in inoculating so many in short time, May, p. 163

streptococcal skin infections (*tip*), January, p. 128

streptozotocin for insulinoma (*tip*), April, p. 137

suicide, threatened, follow-up of (*tip*), February, p. 153

suppurative thrombophlebitis (*tip*), February, p. 152

surgery

—acute cholecystitis after (*tip*), May, p. 137

—adrenal, cardiovascular alterations during (*tip*), April, p. 145

—cardiac, aspergillus infection after (*tip*), April, p. 141

—diverticulitis in the elderly, surgical management of, *February, p. 94

—for diverticulitis (*tip*), March, p. 147

—hiatal hernia: changing concepts of treatment, *May, p. 106

—indications for tonsillectomy (*info pl*), April, p. 131

—intestinal duplication (*tip*), January, p. 132

—intravenous anesthesia (*tip*), April, p. 137

—localized excision in Dupuytren's contracture, *April, p. 78

—myocardial revascularization, *January, p. 110

—postanesthetic hepatic dysfunc-

tion (*tip*), March, p. 143

—postoperative pulmonary embolism (*tip*), February, p. 157

—preoperative medications (*tip*), June, p. 113

—prophylaxis of postoperative lung infection (*tip*), June, p. 115

—renal failure after methoxyflurane anesthesia (*tip*), April, p. 149

—renal transplant and dialysis in children (*tip*), April, p. 140

—shunts for hemodialysis (*tip*), January, p. 125

—synovectomy for rheumatoid elbow (*tip*), January, p. 132

—treatment of Bartholin cysts, *June, p. 85

—vagotomy and pyloroplasty in children (*tip*), April, p. 148

surgicenter approach to medicine, June, p. 141

syndrome

—nephrotic, in addicts (*ed*), February, p. 65

—Zollinger-Ellison, intestinal absorption in (*tip*), January, p. 132

synovectomy for rheumatoid elbow (*tip*), January, p. 132

systolic clicks and endocarditis prophylaxis (*info pl*), March, p. 134

t

tachycardia, paroxysmal atrial (*info pl*), May, p. 127

temporomandibular joint disorders, *February, p. 90

test, Murphy-Pattee (*info pl*), March, p. 134

testicular cancer, mithramycin for (*tip*), May, p. 137

testicular neoplasms, suspected, management of, *March, p. 92

thromboembolic disorders and estrogen (*info pl*), January, p. 138

thrombophlebitis, suppurative (*tip*), February, p. 152

thyrocalcitonin and osteoporosis (*info pl*), April, p. 129

thyroid function tests, how to use modern, *May, p. 72

tonsillectomy

- and adenoidectomy, indications for, *March, p. 72
- indications for (*info pl*), April, p. 131

trauma

- infant, *May, p. 101
- treatment of (*ed*), June, p. 65
- travelers' immunizations (*info pl*), January, p. 139

tuberculin hypersensitivity and mumps virus (*tip*), March, p. 143

tuberculosis

- miliary (*tip*), May, p. 133
- resistant, rifampin for (*tip*), May, p. 141

tumor diagnosis and management, radioisotope organ imaging in, *January, p. 86

tumors

- carcinoid (*tip*), March, p. 147
- islet cell, and hypoglycemia (*tip*), May, p. 136

a

AAGP journalism awards, winners of, August, p. 119
 AAGP survey reveals need for doctor's assistants but also deterrents, July, p. 141
 abdominal pain, recurrent, transit time in (*tip*), November, p. 121
 ABFP announces names of charter diplomates, October, p. 145
 abortion, experience with (*tip*), October, p. 116
 adenopathy, supraclavicular, in prostatic cancer (*tip*), November, p. 135
 adrenergic blockade for paralytic ileus (*tip*), October, p. 115
 AMA adopts policy on American students in foreign schools, October, p. 158
 AMA membership facts (*ed*), December, p. 51
 AMA Physicians' Placement Service (*ed*), July, p. 59
 AMA placement service records show imbalance in family practice area, December, p. 127
 ambulance design and equipment (*tip*), November, p. 126

AMCAS (*ed*), November, p. 61
 Ameriplan
 —(*ed*), November, p. 59
 —AHA officially adopts, hopes to push program in Congress, November, p. 148
 amphetamines, a clinical view of, *November, p. 82
 ampulla of Vater, carcinoma of (*tip*), November, p. 135
 antibiotics and thrombophlebitis (*info pl*), July, p. 124
 anticoagulants for myocardial infarction (*info pl*), July, p. 124
 appendicitis, splenic rupture masquerading as acute (*tip*), September, p. 123
 appendix, perforated, in children, *December, p. 60
 arrhythmias in acute myocardial infarction, management of, *July, p. 68
 arteriography, coronary, *November, p. 75
 arteriovenous fistulas, pulmonary (*tip*), November, p. 122
 arthritis, rheumatoid, patient with, *July, p. 108
 aspiration pneumonia (*ed*), August, p. 47
 aspirin and bleeding (*tip*), November, p. 126
 asthma, fundamentals of treatment of, *August, p. 82
 automobile occupants, protection of, December, p. 117

b

bacitracin-neomycin surgical skin preparation (*tip*), November, p. 133
 bacteremia, pneumococcal (*tip*), November, p. 123

bleeding
 —and aspirin (*tip*), November, p. 126
 —and coumarins (*info pl*), July, p. 123
 blood banks
 —commercial, and hepatitis (*tip*), September, p. 120
 —wishing AABB accreditation must test for hepatitis, November, p. 152
 blood loss, balanced fluid gelatin for (*tip*), September, p. 124
 blood pH, effect of, on salicylate poisoning (*tip*), October, p. 127
 bowel disorders, managing ulcerative and granulomatous, *November, p. 100
 bronchiolitis, steroid treatment of (*tip*), August, p. 97
 burns, electrical mouth, in children (*tip*), October, p. 117

c

Cahal, Mac F., resigns as executive director and publisher, September, p. 6
 cancer
 —catecholamine excretion in sympathoblastomas (*tip*), August, p. 101
 —cervical, nationwide study in the family doctor's office, July, p. 137
 —childhood thyroid (*tip*), November, p. 123
 —etiology of esophageal (*tip*), November, p. 130
 —genetics, skin and cancer control, *September, p. 87
 —hepatocellular carcinoma and the carcinoid syndrome (*tip*), November, p. 127

- hormonal management of thyroid (*tip*), September, p. 116
 - hydroxyurea and x-ray for lung (*tip*), August, p. 96
 - natural history of thyroid (*tip*), November, p. 131
 - of the ampulla of Vater (*tip*), November, p. 135
 - of the right colon (*ed*), October, p. 61
 - renal cell carcinoma, *October, p. 89
 - supraclavicular adenopathy in prostatic (*tip*), November, p. 135
 - treatment of multiple myeloma (*tip*), October, p. 123
 - catecholamine excretion in sympathoblastomas (*tip*), August, p. 101
 - cause-and-effect relationships (*ed*), December, p. 51
 - cerebral dysfunction, minimal, in ITP (*tip*), October, p. 128
 - children
 - adolescent drug abuse (*tip*), December, p. 95
 - adolescent neurologic disease (*tip*), October, p. 124
 - adolescent sexuality (*tip*), November, p. 129
 - cardiac surgery in the first year of life (*tip*), December, p. 101
 - childhood poisoning (*ed*), September, p. 63
 - childhood thyroid cancer (*tip*), November, p. 123
 - congenital ring constrictions (*tip*), December, p. 103
 - congenital syphilis (*info pl*), September, p. 107
 - congenital syphilis resurgent (*tip*), July, p. 128
 - electrical mouth burns in (*tip*), October, p. 117
 - epidemiology of lower respiratory disease in (*tip*), November, p. 125
 - excess magnesium in the newborn (*tip*), November, p. 134
 - growth failure with congenital heart disease (*tip*), September, p. 115
 - hypertension in (*tip*), October, p. 120
 - identity development in adopted (*tip*), November, p. 121
 - intestinal infarction in childhood (*tip*), November, p. 121
 - kidney transplantation in (*tip*), October, p. 123
 - lead poisoning in childhood (*tip*), December, p. 105
 - maternal filicide (*tip*), August, p. 99
 - methadone 'OD' in (*ed*), August, p. 45
 - migraine and hemiplegia in childhood (*tip*), October, p. 115
 - nasotracheal tubes in infants (*tip*), November, p. 133
 - neonatal hypoglycemia (*tip*), December, p. 103
 - neurologic learning disability syndrome, *July, p. 95
 - orthopedic examination of the infant and child, *August, p. 60
 - penicillin for 'penicillin-allergic', *October, p. 85
 - perforated appendix in, *December, p. 60
 - protracted diarrheal syndrome of infancy (*tip*), July, p. 127
 - reactions to rubella vaccine (*tip*), August, p. 96
 - rheumatic fever prophylaxis, discontinuing (*info pl*), September, p. 107
 - survivors of meningomyelocele at school age (*tip*), October, p. 119
 - synovitis of the hip in (*tip*), October, p. 116
 - umbilical vessel catheterization (*tip*), October, p. 121
 - cholecystectomy, timing of (*tip*), October, p. 129
 - coccygectomy for drainage of pelvic abscess (*tip*), November, p. 131
 - colitis, granulomatous and diverticulitis (*tip*), August, p. 101
 - colon cancer, right (*ed*), October, p. 61
 - Colorado students model new education look at AAFP convention, December, p. 128
 - combination drugs (*ed*), July, p. 59
 - computer program to handle patients' case histories, Duke University develops, July, p. 142
 - continuation study requirements, August, p. 115
 - coumarins and bleeding (*info pl*), July, p. 123
 - cystic fibrosis (*tip*), August, p. 97
- d**
- desquamative interstitial pneumonia (*tip*), August, p. 100
 - diarrheal syndrome of infancy, protracted (*tip*), July, p. 127
 - diet in uremia, *September, p. 75
 - dietary magnesium (*info pl*), July, p. 123
 - diverticulitis
 - and granulomatous colitis (*tip*), August, p. 101

—with perforation (*tip*), August, p. 95

D.O. licensing, California court ruling for osteopaths may reinstate, November, p. 153

doctor-patient relationship, therapeutic use of, *July, p. 103

doctor's assistants, AAGP survey reveals need for, but also deterrents, July, p. 141

dolls, baby (*ed*), November, p. 59

drug abuse, adolescent (*tip*), December, p. 95

drug warning alert, September, p. 146

drugs, combination (*ed*), July, p. 59
dumping syndrome (*tip*), October, p. 125

e

ear piercing

—(*ed*), August, p. 47

—complications of, *August, p. 66

emotional crisis, written homework for the patient with an, *December, p. 69

encephalopathy, lactulose treatment of hepatic (*tip*), October, p. 127

endotracheal tube position (*tip*), December, p. 105

esophageal cancer, etiology of (*tip*), November, p. 130

esophageal sphincter and smoking (*ed*), July, p. 63

esophageal varices

—and nasogastric tubes (*info pl*), July, p. 124

—portasystemic shunts for (*tip*), November, p. 130

esophagus, spontaneous rupture of (*tip*), September, p. 117

eye, the red, *September, p. 81

f

family medicine, Mississippi University creates division of, July, p. 142

family physicians urged to help in children's health care study, November, p. 147

family practice, approved graduate training programs in, September, p. 139

family practice consultant for residency programs, Army names, December, p. 127

family practice status in Israel reported on by Dr. Franz Steinitz, November, p. 147

fibromatosis, plantar (*tip*), October, p. 129

fibrosis, cystic (*tip*), August, p. 97

filicide, maternal (*tip*), August, p. 99

fluid gelatin, balanced, for blood loss (*tip*), September, p. 124

Forrester's Law (*ed*), October, p. 59

g

gastrointestinal disorders and oral contraceptives (*tip*), October, p. 121

GC and infertility (*ed*), November, p. 61

general practice, Australia gives plans for fifth world conference on, July, p. 141

genetics, skin and cancer control, *September, p. 87

growth failure with congenital heart disease (*tip*), September, p. 115

h

health as an individual matter (*ed*), September, p. 59

health professionals, the use of allied, November, p. 144

health subcommittee field hearings appear to have been 'staged,' August, p. 120

heart

—anticoagulants for myocardial infarction (*info pl*), July, p. 124

—cardiac surgery in the first year of life (*tip*), December, p. 101

—community coronary care (*ed*), December, p. 53

—coronary arteriography, *November, p. 75

—growth failure with congenital heart disease (*tip*), September, p. 115

—infection after cardiovascular surgery (*tip*), September, p. 121

—management of arrhythmias in acute myocardial infarction, *July, p. 68

—pacemaker catheter implantation (*tip*), October, p. 119

—'progress' in the treatment and prevention of coronary heart disease, *September, p. 68

—stress and coronary heart disease (*info pl*), September, p. 107

—tachycardia after cardiac valve replacement (*tip*), August, p. 99

helpful hints from readers (*ed*), November, p. 59

hemiplegia and migraine in childhood (*tip*), October, p. 115

hemodialysis, home (*tip*), September, p. 117
 hemophilus infections (*tip*), September, p. 115
 hemopneumothorax after vagotomy (*tip*), August, p. 100
 hemoptysis (*ed*), September, p. 61
 hemorrhage with pancreatic pseudocysts (*tip*), October, p. 120
 hepatic encephalopathy, lactulose treatment of (*tip*), October, p. 127
 hepatitis and commercial blood banks (*tip*), September, p. 120
 hepatocellular carcinoma and the carcinoid syndrome (*tip*), November, p. 127
 hernia transplant (*ed*), December, p. 53
 hernias, repair of umbilical (*tip*), November, p. 134
 hip
 —synovitis of, in children (*tip*), October, p. 116
 —the operative, *October, p. 68
 Hirschsprung's disease, symptoms of (*tip*), November, p. 129
 hormonal management of thyroid cancer (*tip*), September, p. 116
 horsemeat, a clinical nutrition note (*ed*), October, p. 63
 hospital occupancy, many factors figure in slump of nation's, November, p. 152
 hospitals, financially healthy (*ed*), September, p. 59
 hydroxyurea and x-ray for lung cancer (*tip*), August, p. 96
 hyperplasia of the thymus gland, *October, p. 95
 hypertension in children (*tip*), October, p. 120
 hypoglycemia, neonatal (*tip*), December, p. 103

i
 identity development in adopted children (*tip*), November, p. 121
 ileus, paralytic, adrenergic blockade for (*tip*), October, p. 115
 immunization, status of rubella (*tip*), September, p. 121
 impetigo contagiosa, *October, p. 75
 infertility and GC (*ed*), November, p. 61
 intestinal infarction in childhood (*tip*), November, p. 121
 intrauterine device, the shield, *September, p. 93
 ischemic attacks, transient, *October, p. 96
 ITP, minimal cerebral dysfunction in (*tip*), October, p. 128

j
 joint fluid analysis, *November, p. 87

k
 kanamycin, intraperitoneal, for peritonitis (*tip*), December, p. 97
 kidney transplantation in children (*tip*), October, p. 123
 klebsiella, control of infection due to (*tip*), July, p. 129
 knee, rheumatoid, *August, p. 52
 Kveim test for sarcoidosis (*info pl*), July, p. 123

l
 lactulose treatment of hepatic encephalopathy (*tip*), October, p. 127

lead poisoning in childhood (*tip*), December, p. 105
 lepromatous leprosy, neurologic features of, *July, p. 84
 levodopa in treating parkinsonism, *November, p. 95

m
 magnesium
 —dietary (*info pl*), July, p. 123
 —excess, in the newborn (*tip*), November, p. 134
 malpractice laws, Kansas legislature to consider improving, August, p. 121
 M.D. shortage could worsen by 1980, labor statistics bureau believes, August, p. 119
 mediastinitis, acute suppurative (*tip*), September, p. 124
 Medicaid claims, two methods open for physician certification of, November, p. 153
 Medical Education Fund names Dr. Vernon Lippard its medical director, December, p. 129
 medical licensure by reciprocity, Florida legislature to allow, October, p. 158
 medical school applications data, some (*ed*), December, p. 55
 medical schools, Americans in foreign (*ed*), July, p. 61
 megacolon, toxic (*tip*), November, p. 127
 meningocele, survivors of, at school age (*tip*), October, p. 119
 methadone 'OD'—especially in children (*ed*), August, p. 45
 Michigan preparing five-year program for bright students, October, p. 159

migraine and hemiplegia in childhood (*tip*), October, p. 115
 'morning-after-pill' (*info pl*), September, p. 108
 mouth burns, electrical, in children (*tip*), October, p. 117
 multiple sclerosis prevalence and mortality (*tip*), August, p. 95
 musculoskeletal disorders, extra-articular, of the upper extremity, *September, p. 94
 myeloma, treatment of multiple (*tip*), October, p. 123
 myocardial infarction
 —anticoagulants for (*info pl*), July, p. 124
 —management of arrhythmias in acute, *July, p. 68

N

nabothian cyst, treatment of, *October, p. 82
 names for children (*ed*), October, p. 59
 nasogastric tubes and esophageal varices (*info pl*), July, p. 124
 nasotracheal tubes in infants (*tip*), November, p. 133
 neomycin-bacitracin surgical skin preparation (*tip*), November, p. 133
 nephrosis, treatment of (*tip*), October, p. 124
 neurologic disease, adolescent (*tip*), October, p. 124
 neurologic features of lepromatous leprosy, *July, p. 84
 neurologic learning disability syndrome, *July, p. 95
 newspaper reporting (*ed*), July, p. 61

O

obstetrics
 —experience with abortion (*tip*), October, p. 116
 oral contraceptives
 —and gastrointestinal disorders (*tip*), October, p. 121
 —and the skin, *November, p. 68
 orthopedic examination of the infant and child, *August, p. 60

P

pacemaker catheter implantation (*tip*), October, p. 119
 pancreatic pseudocysts, hemorrhage with (*tip*), October, p. 120
 'paramedical' worker, patient as a (*ed*), November, p. 63
 parkinsonism, levodopa in treating, *November, p. 95
 patient care, quality of (*ed*), October, p. 61
 patient's bill of rights, preamble of new JCAH standards sets forth, September, p. 145
 pelvic abscess, coccygectomy for drainage of (*tip*), November, p. 131
 penicillin for 'penicillin-allergic' children, *October, p. 85
 peritonitis, intraperitoneal kanamycin for (*tip*), December, p. 97
 personalities
 —Duval, M. K., July, p. 39
 —Fleming, S., December, p. 37
 —Grobe, J. L., November, p. 39
 —Hoffman, C. A., August, p. 33
 —Rousselot, L. M., December, p. 37
 —Steinfeld, J., October, p. 37
 —Wilbur, R. S., September, p. 39

physicians, there were 11,032 new, among 334,028 total in U.S. in 1970, September, p. 145
 physicians assistants, national headquarters for, opens in Tampa, Fla., September, p. 147
 plantar fibromatosis (*tip*), October, p. 129
 pneumococcal bacteremia (*tip*), November, p. 123
 pneumonia
 —aspiration (*ed*), August, p. 47
 —desquamative interstitial (*tip*), August, p. 100
 poisoning
 —childhood (*ed*), September, p. 63
 —lead, in childhood (*tip*), December, p. 105
 —salicylate, effect of blood pH on (*tip*), October, p. 127
 polio boosters, oral (*info pl*), September, p. 108
 portasystemic shunts for esophageal varices (*tip*), November, p. 130
 propranolol, clinical indications for, *December, p. 84
 prostatic cancer, supraclavicular adenopathy in (*tip*), November, p. 135
 prostatic resection in patients with renal insufficiency, *July, p. 80
 pulmonary arteriovenous fistulas (*tip*), November, p. 122

Q

quadriceps contracture (*tip*), August, p. 100

R

- red eye, *September, p. 81
- renal allograft, hyperacute rejection of (*tip*), December, p. 99
- renal cell carcinoma, *October, p. 89
- renal insufficiency, prostatic resection in patients with, *July, p. 80
- respiratory disease
 - epidemiology of lower, in children (*tip*), November, p. 125
 - smoking among patients with (*tip*), July, p. 131
- respiratory failure, management of acute (*tip*), July, p. 127
- respiratory syncytial virus (*tip*), September, p. 125
- retrocaval ureter, *December, p. 83
- rheumatic fever control (*tip*), September, p. 123
- rheumatic fever prophylaxis, discontinuing (*info pl*), September, p. 107
- rheumatoid arthritis, the patient with, *July, p. 108
- rheumatoid knee, *August, p. 52
- ring constrictions, congenital (*tip*), December, p. 103
- rubella immunization, status of (*tip*), September, p. 121
- rubella vaccine, reactions to (*tip*), August, p. 96
- Rush Medical College reopened this fall to undergraduates, October, p. 159

S

- salicylate poisoning, effect of blood pH on (*tip*), October, p. 127
- salt and water shifts, postoperative (*tip*), August, p. 95
- SAMA (*ed*), August, p. 43
- sarcoidosis, Kveim test for (*info pl*), July, p. 123
- schools of medicine, new schools bring nation's total to 108, November, p. 151
- scoliosis, recognizing early, *December, p. 76
- sepsis, infusion catheter (*tip*), October, p. 128
